Children's Swim Classes to Start At Albany Pool

A special instructional program for children is again being scheduled at the Albany Pool, according to Bert Griffin, Pool Director. This program, which will be for six weeks, will start on Monday, January 19, and end Saturday, February 28. For enrollment in this class, children must measure 40 inches from toe to chin. There will be no classes for smaller children until next summer. At that time a special program for 3 1/2 to 5 year olds will be held. All classes will be limited to 40 children, with seven instructors assigned to each class. Registration for Albany residents will be held at the Albany Pool, Portland and Pomona Avenues, on Monday, Tuesday and Wednesday, January 12, 13 and 14 from 9 a.m. until noon and from 1 to 5 p.m. The fee for these 6 weeks is \$2.00 for Albany residents and \$2.40 for those residing out of Albany. The day and hour of the class will be assigned at the time of registration. There will be no refunds or class make-ups after registration. Bathing must supply their own suits and towels, and girls and women must also wear bathing caps. Recreational swimming will be scheduled for Tuesday, Thursday and Friday evening from 7:30 to 9:20 and on Saturday afternoons from 3 to 4:50. Thursday evening is reserved for families, at which time the child or junior must be accompanied into the pool by an adult. For private party reservation information, call the Administration Office of the Albany City Schools, LA 6-6441. For other than Albany residents.

COUNCIL TO STUDY ONE-WAY STREETS

The Albany City Council Monday night took action toward a possible change in its action of a year ago which made Adams and Kains Avenues one-way streets throughout their length. It was brought out that Kains Avenue, cut through into the El Cerrito shopping center, carries considerably more traffic than Adams, although both are northbound one-way streets. Possibility of changing Adams to one way, south-bound was discussed, and final action calls for a re-study and report by the Traffic and Safety Commission with the likelihood that Adams traffic may be reversed — at least for a portion of its length. The council also approved an arrangement whereby the City of Richmond will loan Albany, on a half time basis, the chief of its engineering division, Louis R. Cunan, a Stanford engineering graduate who has been with Richmond for the last 12 years. Meanwhile the city is seeking a permanent city engineer, but it was admitted during the council meeting that it might require several months to obtain the right man, and city requirements demand that a trained city engineer be on call at all times. Further study of the city dump problem is planned, according to Mayor Howell, and a special meeting of councilmen and the city engineer with the Olympic Dredging Company was announced for Thursday evening, January 8, at which time a plan to dredge and fill a narrow access strip from the present dump site to city property beyond that owned by the Santa Fe Railroad was to be discussed. A plan presented to the council by W. E. West, Chairman of the Albany Small Boat Harbor Commission, whereby University of California engineering students would take on planning of a small boat harbor for Albany as a term project, at no cost to the city, was approved.

BROWNE NAMED FIRE CHIEF BY COUNCIL

The Albany City Council in a special personnel meeting after the regular session Monday night named Gerald D. Browne to succeed Fred Pimental as Chief of the city's Fire Department, effective February 1. This is the official date of the retirement of Chief Pimental after 31 years of service to the city. Browne, who has lived in Albany for 52 of his 55 years, has served in the city's Fire Department since 1930, and for the last nine years has filled the position of assistant chief, during nearly 8 of which with the additional burden of heading the city's Civil Defense organization. Browne's father, the late George W. Browne, was a member of the city's first council and its first assistant fire chief. The newly appointed chief is an authority on the city's history, and possesses a remarkable collection of cuts, photographs, clippings and other mementoes of the city during the last 50 years. He was also the editor and compiler of a book several years ago giving the city's history in considerable detail. In it are reproductions of many photographs taken during this period. He can point out without hesitation and name and comment on many of the city's historical figures whose likenesses appear in the book. Browne is recognized throughout the State as an expert fire fighter, and has been offered attractive jobs elsewhere, including a State position as a fire prevention officer. He lives with his wife, Marcela, and their 13-year-old son, Gerald Jr., at 834 Madison Street. Another son, Donald, lives in Palo Alto, and a daughter, Mrs. Barbara Wallace, lives in Albany.

U.S. Coast Guard To Be Subject At Rotary Luncheon

The story of the U. S. Coast Guard and its varied activities will be told at next Tuesday's luncheon meeting of the Albany Rotary Club. The speaker of the day will be Lt. Hal Olson, U. S. Coast Guard, public information officer of the 12th Coast Guard District. A 16 mm sound and color film will illustrate the talk. Hal Stallard will be chairman of the day, while President Herb Foley will preside. Last week Rotarians heard interesting talks by Don Kose, Albany High School senior, who spent a portion of his vacation last summer in France, living with a French family and partaking of its daily activities. He was followed by Theo Worre, now studying as a senior at Albany High School, and whose home is in the City of Luxembourg, the independent Grand Duchy west of the Rhine and between Belgium on the north and Alsace-Lorraine on the south. Worre gave a most interesting sketch of his country's history from the Tenth Century to the present time. Both students are under the American Field Service student exchange plan and have been sponsored by the Albany Rotary Club.

Teen-agers Form Drop-in Dance Club At Community Hall

Albany's teen-agers held the first drop-in dance of what is hoped to be a regular teen program recently at the Community Center. Committees of teen-agers worked to decorate the halls, plan the program and generally do the work of putting on the dance. The halls were decked with greens and holly and Christmas lights. A tall Christmas tree was featured in the center of the dance floor lighted by colored spotlights. Large candy canes stood on the stage by a lighted fireplace and around the hall. Refreshments were served in the dining room. Cup cakes, cookies and cakes made up the menu. Horizon Club Girls served the teen-agers throughout the evening. The program was attended by about 500 teen-agers from the local high schools. In addition to the dance a place to play other recreation games was well attended. Following the dance the teen-agers swept the Center and generally cleaned up all the rooms. A short meeting was held by the Albany Teen Council at which it was decided to name the Teen Club — the Alteeners. Membership in the club would be open to all residents of Albany who are in high school or less than one year out of high school. The council decided that a membership fee of \$1.50 per year would be charged to provide operating expense for teen activities. In addition to the regular drop in dance the teen-agers will be working on a club room which will be open daily to teen-agers. The hope of all teen-agers of having "A place to call our own" is a good possibility here in Albany. Boys have expressed an interest in repainting and fixing the rooms which formerly housed the Railroad Club into a Teen Cabaret arrangement. This should be available shortly after the first of the year. Much credit for the new teen program here in Albany should go to Mrs. Grafton Geering who is Chairman of a fine Adult Advisory Committee. Members of this committee work with each of the teen committees to help in seeing that the work is done and that the show goes on.

Chamber Chatter

By IRENE GROVE

The holidays are over, decorations are put away for another year and it is business as usual again. Your Albany Chamber of Commerce looks forward to a year of progress and achievement for our city. A progressive and well rounded program of work is being planned by your 1959 Chamber of Commerce Board of Directors and officers. The first meeting of the executive board will be Thursday noon to start plans for this year's program. But remember the value of your Chamber of Commerce cannot be measured by the work it does this week, or month or even this year — its force in the community spreads over long years of thinking and planning. It is the responsibility and pleasure of its president, directors and committee members to think ahead. A constructive moment begun today may not be realized until next year or years after that, but it may be observed that as the years roll by and improvements come and expansion is realized, you can date their inception back to the time when a group of men gathered in the Chamber of Commerce and talked it over. They kindled the spark that grew later into a flame of constructive effort; public sentiment fell in line and finally the thing was done. The results are cumulative; the effects far reaching; your Chamber of Commerce is not just an organization; it is the spirit of the whole community and a medium through which any individual may work. A problem for our local merchants has been brought to our attention that is common to all cities, that of available customer parking. Potential customers of our local stores were lost during the holidays because those customers could not find available and convenient parking spaces. If we are a business owner or employee downtown, let's make it a rule not to occupy this valuable space. Let's use the off street parking available and keep Albany merchants from losing those important shopping dollars. Keep watching for more details concerning a forthcoming event which should be good entertainment, a lot of fun and the proceeds go for a wonderful cause. American Legion Post 292 is sponsoring its annual Championship Basketball game between Cornell and Marin school teams, Saturday, January 31 at the Albany High School gymnasium at 7:00 p.m. Students of the Albany schools will have the tickets on sale soon at only 50 cents for adults and 10 cents for children. Proceeds all go to the March of Dimes. So watch for more details and don't miss this event. More news about your Chamber of Commerce and its activities next week. Yours truly, Your Chamber of Commerce Manager.

New Sport Car To be Shown at E. B. Chevrolet

DETROIT — A new sport sedan is making its debut at Chevrolet dealerships.

The car is in the Bel Air series and was inspired by universal admiration for the distinctive 1959 "hardtop" styling introduced exclusively as an Impala sport sedan. The Bel Air model makes available the same sportive appearance at a more moderate price.

To introduce the new-comer, retail dealers across the country will star the car in an "Open House," January 22-24. In addition, the event will offer retail customers a chance to view a more complete line of new Chevrolets, which were not available during the announcement period due to production delays.

According to E. N. Cole, general manager of Chevrolet, the new model results from retail market soundings that indicated strong sales sentiment. Production has already started and dealers are being stocked. The cars will be on display at East Bay Chevrolet, 916 San Pablo Avenue in Albany.
